INNOVATIVE AND PROFESSIONAL DIGITAL (STORAGE) SOLUTIONS

AXEL LUCASSEN
MANAGING DIRECTOR

Welcome to our latest product brochure, which is again filled with innovative digital storage solutions.

With more than 20 years of experience in data storage and the use of the highest quality components and the strictest quality inspection standards, you can be sure that any Freecom product will give you optimal customer satisfaction.

One prime example is the new Secure range. Available as mobile and desktop drive, these drives set a new data security standard for external hard drives. They can be locked and unlocked by presenting an AES encrypted security keycard to the drive. No card means no access to the data. How much safer can you get?

We also back you up with excellent service and support. Freecom's automated product return system and unlimited free helpdesk support are unmatched in today's data storage market.

While concentrating on your core business, let us take care for the real essentials. Like we have done for the past 20 years!

Thank you for taking the time to read „Products 2010".

USB MEMORY
MAXIMUM STORAGE CAPACITY - MINIMAL SIZE

The Freecom USB Memory sets a new standard - it's to date the largest storage capacity in the smallest possible device.

An unmatched price per GB ratio compared to USB flash memory sticks. Small enough to fit in your pocket, the USB Memory goes where you go, and offers plenty of storage space for all your files, whether it's your music collection, full-length movies, your digital photos or your business files.

Housed in a vibration-reducing rubber enclosure - if you are a mobile user, this is the storage product to have!

YOUR USB STORAGE DEVICE – WHAT WILL IT HOLD:

	4GB USB Stick	120GB USB Memory	160GB USB Memory	250GB USB Memory
MP3 songs	800	24000	32000	50000
JPEG pictures	2700	80000	110000	170000
DVD movies	-	27	36	55
DivX/Xvid movies	4	120	160	250

Definitions: 1GB = 1000MB – 1MP3 song = appr. 5MB / 1 JPG photo = appr.1.5MB / 1 DivX/Xvid movie = appr. 1GB / 1 DVD movie = appr. 4.5GB

- One year manufacturer's warranty, unlimited free helpdesk support
- All Freecom devices meet the highest industry standards; CE, FCC, WEEE and RoHS

USB MEMORY
MAXIMUM STORAGE CAPACITY - MINIMAL SIZE

The Freecom USB Memory is the latest development in Freecom's constant quest to make storage more accessible, useable and convenient. Ultra-compact sized without any compromise on storage capacity. Its stylish USB connection cable also powers the device - no power adapter needed, thereby making the USB Memory the ultimate storage expansion for your netbook or notebook.

- Maximum storage capacity, minimal (credit-card) size
- Designed with unique form-fitting rubber, reducing vibration and providing optimal grip
- Including compact sized designed USB cable, no "cable mess" anymore inside your bag
- Powered by the USB port, no bulky power adapter needed
- Works with car HiFi and TV's with USB port
- Excellent value for money
- No cooling fan, so no noise!
- Including data encryption software
- Compact and lightweight
- Ideal for netbook/notebook users - only 8.2 x 5.8 cm

HAVE YOU MADE YOUR BACKUP TODAY?
SAVE YOUR DATA

Every day we create and store more and more music, movies, digital photos, documents, presentations… you don't even want to think about what will happen if your computer's hard drive should crash.

Freecom external hard drives offer a reliable and cost effective solution for making backups of your data. Shipped with easy to use backup software from NTI (for Windows), allowing you to decide which files are backed up, when the backup runs and where your backup files are stored. For Apple users: our hard drives are TimeMachine compatible, for automatic backup of your Mac.

Don't leave home without having made a safe backup of your data!

BACKUP YOUR DATA

2.5” MOBILE HARD DRIVES

SMALL SIZE - LARGE CAPACITY

The Freecom Mobile Drives represent large storage capacity in the smallest possible size. Our 2.5” external mobile hard drives are designed with you, the traveling consumer, in mind.

We offer the full range: from our high quality but cost-effective Mobile Drive XXS via the aluminium Mobile Drive II to the shock resistant ToughDrives.

With USB interface, our 2.5“ mobile drives connect to any modern computer. We have the portable drive for every user, for every usage!

YOUR MOBILE DRIVE - WHAT WILL IT HOLD:

	250GB	320GB	500GB	640GB
MP3 songs	50000	64000	100000	128000
JPEG pictures	170000	215000	333333	430000
DVD movies	55	72	111	144
DivX/Xvid movies	250	320	500	640

Definitions: 1GB = 1000MB – 1MP3 song = appr. 5MB / 1 JPG photo = appr.1.5MB / 1 DivX/Xvid movie = appr. 1GB / 1 DVD movie = appr. 4.5GB

- Two years manufacturer’s warranty (Mobile Drive XXS: one year), unlimited free helpdesk support
- All Freecom devices meet the highest industry standards; CE, FCC, WEEE and RoHS

MOBILE DRIVE XXS

THE WORLD’S SMALLEST 2.5” EXTERNAL HARD DRIVE

The Freecom Mobile Drive XXS is already a proven factor on the mobile hard drive storage market. Unmatched in looks, size and performance, the Mobile Drive XXS is a perfect storage extension for any netbook or notebook. Complete with compact USB connection cable - gone are the days where all these long connection cables create a mess when stuffed inside your notebook bag.

- The world’s smallest 2.5” external hard drive
- 27% smaller in volume than the closest competition
- Designed with unique form-fitting rubber for optimal grip
- Including compact sized USB cable, no “cable mess” anymore inside your bag
- Powered by the USB port, no bulky power adapter needed
- Excellent value for money
- No cooling fan, so no noise!
- Lightweight and compact, not much heavier and larger than an internal 2.5” hard drive
- Ideal for netbook/notebook users - only 10.9 x 7.9 x 1.3 cm

MULTIMEDIA

ENJOY MUSIC, MOVIES AND PHOTOS - NO LIMITS

Multimedia and fun go hand in hand. It's all about user experience – it has to be easy to set up and use.

The MusicPal internet radio (13000 free worldwide radio stations!) fits that bill perfectly. Installs in 30 seconds – before you know it you're moving and grooving to Japanese dance music or American hard rock.

Our MediaPlayer II and MediaPlayer XS allow you to watch movies from a hard drive directly on your TV, without the need for a PC. All this at a very affordable price.

Check out our multimedia products - you will be amazed!

YOUR MEDIA PLAYER - WHAT WILL IT HOLD:

	500GB	1TB	1.5TB
MP3 songs	100000	200000	300000
JPEG pictures	340000	680000	1020000
DVD movies	110	220	330
DivX/Xvid movies	500	1000	1500

Definitions: 1GB = 1000MB – 1MP3 song = appr. 5MB / 1 JPG photo = appr.1.5MB / 1 DivX/Xvid movie = appr. 1GB / 1 DVD movie = appr. 4.5GB

- One year manufacturer's warranty, unlimited free helpdesk support
- All Freecom devices meet the highest industry standards; CE, FCC, WEEE and RoHS

MEDIA PLAYER XS HDMI

USB ON YOUR TV!

Turn your USB Hard Drive into a MediaPlayer. Just take your USB Hard Drive / USB Stick, plug it into the MediaPlayer XS HDMI, connect the MediaPlayer XS HDMI to your TV and you're ready to go. Play back movies, watch photos, listen to music… all without the need of a PC. Cost-effective, extremely small and easy to use.

- Small media adapter that turns your USB hard drive into a movie machine!
- Enjoy movies from your hard drive on your TV
- Easy to install, easy to use
- HDMI connection - connects to all modern TV's
- Including all necessary connection cables
- Supports MPEG-1,2 or 4 video files (including DivX)
- Firmware upgradeable
- Including remote control
- Compatible with any brand USB stick, any USB hard drive
- Only 9.1 x 6.7 x 2.1 cm

HOW YOUR USB HARD DRIVE BECOMES A MEDIA PLAYER

External USB hard drives are commonly used to store (downloaded) movies and music on. Imagine... everytime you want to look at a movie from this hard drive you need to go behind your PC or notebook to watch it. Not the ideal screen to watch a movie on… It would be so much better to be able to watch this movie sitting on your couch, looking at your TV screen in your living room.

Freecom makes it all possible, with the MediaPlayer XS HDMI, which supports all common AV file formats. Simply connect your USB hard drive (no matter which brand!) to the MediaPlayer XS HDMI, connect the MediaPlayer XS HDMI to your TV, and you're ready to watch movies directly from your hard drive, without the use of a PC, in the comfort of your own living room!

It's the perfect upgrade for your USB hard drive. Of course the concept also works with other USB devices such as a USB stick.

MEDIA PLAYER XS HDMI / USB 2.0 HOST

32361	MEDIA PLAYER XS HDMI

MEDIA PLAYER II

PLAY YOUR MOVIES DIRECTLY ON YOUR TV!

The Freecom MediaPlayer II is a cost-effective, dedicated hard drive based multimedia player that seamlessly delivers digital media (video, audio) from your PC to the television or HiFi set. The MediaPlayer II is a fast hard drive, a JPEG viewer, a MPEG 4 video player and a MP3 music player, all in one unit! Watching movies on a PC Monitor and listening to MP3 files on a small PC speaker system are now a thing of the past, as are difficult burning sessions creating CDs and DVDs. Simply drag and drop your audio and video files from your PC to the MediaPlayer II or select audio/video files from any computer in your network, take the device to your living room, connect it to your TV or HiFi and you're ready to go!

- Play movies, photos or music from your PC network via LAN / Wireless LAN on the TV / Hi-Fi
- Stream your favourite multimedia content from the internal hard drive, from your PC, or from USB attached devices and watch them directly on your TV
- With LAN, USB 2.0, audio and video connection
- Wireless LAN connection via USB WLAN dongle
- Firmware upgradeable to ensure you have the latest updates
- Extremely quiet - works without a cooling fan
- Including HDMI, component and composite connections for optimal picture quality
- Available as drive-in kit (no hard drive inside) and as pre-configured device including hard drive
- Including BitTorrent client for managing your downloads without the need of a PC
- Easy to use remote control
- Only 20.3 x 15 x 4.6 cm

USB WLAN adapter included
